UK MOTOR VEHICLE IMPORT

UK Customs has advised the following regarding the importation of motor vehicles in the UK.

To assist with faster Customs Clearance and avoid delays and/or port charges, please ensure the following paperwork is attached to your Customs form:

1. Utility bills for a period of 12 months prior to the importers arrival in the UK (to prove residency) This is to satisfy the conditions for relief as per Public Notice 3
2. A purchase receipt for the vehicle and registration document (to show ownership period)
3. Details of the importers C3 (Customs Form) personal effects entry (to show the importer is actually moving home)
4. An original C104A. A copy or fax will not be accepted. (please ensure that the form is fully completed - any incomplete forms will be returned for completion)

Please note the above is **VERY IMPORTANT**. Customs are being very strict on this and delays will result in **additional charges**.

Please contact our office should you require any clarification on the requirements for motor vehicles.
